Rotary Clubs Worldwide / Canadian Wheelchair Foundation

The World Health Organization estimates that tens of millions of people in the world are in need of a wheelchair and cannot afford one. Our goal is to create awareness for the needs of those with physical disabilities and to deliver wheelchairs to children, teens and adults that lack mobility due to disease, accident, war or advanced age. These people and their families will have their lives instantly changed, being able to go to school, work, worship, or just outside for the first time in years, or ever. To them a wheelchair means Hope, Mobility and Freedom.

Canadian Wheelchair Foundation distributes wheelchairs in the country of destination with approved distribution partners, who identify the recipients, and then properly seat them in their new wheelchairs. The consignee for these containers is responsible for customs and importation charges, duties, container charges, etc. The consignee can either arrange to have these services and fees donated or pay for them themselves.

Rotarians are encouraged to organize, and to participate in a wheelchair distribution. Experience the joy of changing a person's life with the gift of a wheelchair!

Container Sponsorship

If you are interested in a specific country and/or wish to participate on a distribution trip, consider sponsoring an entire container of 100 to 280 wheelchairs. Smaller donations will be combined to make up a complete container.

To sponsor a 20-foot container of wheelchairs:

* \$16,500 for 110 wheelchairs with solid rubber tires / or 100 wheelchairs with mountain bike tires

To sponsor a 40-foot container of wheelchairs:

* \$42,000 for 280 wheelchairs with solid rubber tires / or 260 wheelchairs with mountain bike tires

**Subject to change based on unforeseen increases in transportation, material costs, and the fluidity of political situations around the world.*
